IGUASSU TOUR ADVENTURE

Bike tours at the Iguassu National Park

The Jaguar Trail is located around 01 hour driving from Foz do Iguassu - via freeway - a 10 kilometers trail specially designed for bikers, right at the heart of the Iguassu National Park.

Professional Instructors. The tour is guided by instructors whose mind-set is focused on clients safety, They go ahead showing the way with no hurry or going fast after all the go is to enjoy the nature.

Immersive bike experience. This is an immersive experience combining nature and sports in which one feels entirely part of the environment, the average timing is around 01:30 hours.

Equipment and logistic. You do not have to worry about anything, all the safety equipment such as helmets and water is included, the transportation until the trail and the bikes for all heights and sizes.

Nature and sport

Also you can have a bike tour organized from the visitors center of the Iguassu National Park until the beginning of the trail in which you start seeing the Iguassu falls. it is a 9 kilometers road path which is the same rote used that all the vehicles use to get to the falls or the Belmond hotel. Among many other options as well.

Open daily via reservation
