## HELICOPTER FLIGHT

### *Panoramic flights*

The company offers two different flights:

1. Over the Falls - 10 minutes
2. Over Itaipu Dam, Triple Border and Iguassu falls - 35 minutes

### *Over the Falls*

The panoramic flight over the falls allows you to get a full 360 degrees perspective to the whole canyon of Iguassu by doing so you can get all the 274 different falls of Iguassu in just one frame.

Besides, seeing all the sub-tropical rainforest that covers the Falls is quite spectacular.

No need reservations on this tour, the organization of turns is done by arrival. They also offer photography services, facilities and souvenirs shop.

# Long Flight

The Long flight takes You much further covering also the Itaipu Dam, the Triple Border area where the three countries meet - Brazil, Argentina and Paraguay - and finishes over the Iguassu Falls.

It takes around 35 minutes and it can give You a complete understanding of the main attractions of Iguassu.

The flight begins over the Itaipu Dam and on the way You can see the City of Foz do Iguazu, after that it goes over the Paraná River following it's course until the Friendship Bridge, between Brazil and Paraguay.

Next it goes over the area where Brazil, Paraguay and Argentine meet, which is right at the confluence of the Iguassu River (the river of the falls) and the Paraná River (the river of the Itaipu Dam).

On the sequence it flies over the Tancredo Neves bridge which connects Brazil to Argentina, build in 1985, following the Iguassu's river course until the end of the tour, finally at the Falls.
