BACKSTAGE EXPERIENCE

Bird Park

We do recommend the first tour of the day, at 07:30a.m. since the Bird Park opens for the general public at 08:30a.m. it is much more exclusive and enjoyable. The welfare of birds comes first so some variation may occur through the tour regarding what bird You will feed as well what facilities may be available. The other plus is that once You are finish You can still enjoy the other parts of the Bird Park.

IN BETWEEN THE SANCTUARIES

THE BIRD PARK WAS BUILD IN A INTACT PEACE OF SUB-TROPICAL RAINFOREST, THE SAME AS THE ONE PROTECTING THE IGUASSU FALLS.
